FRIDAY - JANUARY 19, 1906

If debtors would only announce a day at home after the custom of society ladies it would be a great accommodation to collectors.

Some of the railroad corporations that have discontinued the free list have actually been able to put out of commission a number of passenger cars.

The explanation why there are not a larger number of high salaried men on the pay-rolls, is that there are so many capable men without a job ready to do twice the work for half the money.

An Oklahoma cavalier, after riding eighteen miles to get a marriage license, left his mule in pawn for the money to pay for it and then walked back to the starting point, eighteen miles, and was in time and fit for the wedding.

A Massachusetts messenger boy is suing the Western Union Telegraph Company for one dollar due him for lunch and work over time. It takes the nerve of a messenger boy to run up against such a corporation as the Western Union.

A recent writer has collected statistics to prove that the horse is the most dangerous and deadly animal in the world. Considering that the automobile runs him a close second one might infer that the man who has charge of both is really the dangerous and deadly element in the combination.

The journalist Walter Wellman has received a peremptory order from the Chicago paper which he represents, to go at once to the North Pole in a balloon. Many other journalists, however, say there is nothing remarkable about the peremptory order, and that they have often been told by their editor to go to a more dangerous and hotter place without a specification as to the vehicle.

A bill will be introduced in the Ohio legislature making it unlawful to manufacture or sell cigarettes in this State. Such a law will be all right, of course not so much for any good it might do for those who wish to kill themselves by smoking the nasty little coffin nails as it will be in saving other people from the horrible stench arising from their use.

The Times speaks of a bill that is to be introduced in the senate to regulate the parole of prisoners from the penitentiary by making all such applications to have greater publicity. The closing paragraph of the article says: "Senator Beatty and Prosecutor McClelland, of Wood county, are particularly interested because the people of Wood county are thoroughly angry over the parole of 'Bill' Downey, on the mysterious representations of persons, presumably politicians, whose names they cannot ascertain. Publicity they argue, would correct the abuse."

Now that R. R. passes are abolished and the franking privilege is to be stopped what will Congressmen do, poor things. They have been sending their soiled clothes back to their district and having them returned free, have been getting beef, butter, eggs and vegetables in the same way, and to cap the anticlimax of their perquisites Hon. Shepherd of Arkansas has discovered that their mileage allowance of twenty cents per mile made in the old stage-coach era, is a gross over allowance and has introduced a bill to cut it down to six cents a mile, which is quite enough for the pullman car accommodations now a days.

The election of Auditor Harding as Cashier of the First National Bank of Bowling Green is a compliment to Wood county in the fact that a county official has been recognized as competent and worthy to take charge of one of the most important and responsible positions in the gift of a large commercial institution of the county. Here's to his success.

Hon. George E. Reed, Wood County's Representative in the Ohio legislature, was in B. G. last Friday. He has been well cared for in the appointment of committees being placed on the committee of fees and salaries, also Boy's Industrial schools, common schools and public printing. Mr. Reed is highly pleased with his appointment on the fees and salaries committee, as he is deeply interested in the passage of a salary bill.

Thos. J. Corkery of Toledo has been "circulating" in Wood county for the purpose of making friends for himself in his campaign for the office of Congressman from this district. He is a young man born and raised in Toledo where he worked as a news-boy for fourteen years. He spent several years as a country school teacher attended the Ohio State University and took a five years' law course. For three years he was clerk in the legislature. He is now practicing law. For the past seven years he has been making campaign speeches for the republican party.

The sermon delivered by Rev. Lowry at the funeral of the late Frank M. Thornton seems to have attracted much attention and especially from Toledo and the Toledo police are credited with being very much shocked at the expressions made in the sermon wherein good advice was given in the intimation that too much latitude had been given to criminals and especially in our neighboring city. The words of Rev. Lowry were plain, sensible and right. They were the words of an earnest preacher who loves God and the laws of his country, and if they were made the motto of every man in the state there would be no more such crimes as was perpetrated in our village a few days since. God grant that we may have more Lowrys and less Toledo police.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Mciver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." OFFICERS INSTALLED

might have no occasion to regret their action.

Following this pleasant feature of the evening's ceremonies the officers were installed into their respective stations by Mr. Escott as installing officer, assisted by E. L. Blue as Grand Marshal. Mr. Escott as acting Grand Master conducted the ceremonies in a very pleasing manner and the meeting was one of the most pleasant of the year.

The officers are:
W. M.—Chas. H. Von Norman.
S. W.—F. J. Brandhuber.
J. W.—Philip Wetzel.
Treasurer—F. C. Eberly.
Secretary—A. R. Williams.
S. D.—John Hayes.
J. D.—B. J. Van Valkenberg.
Stewards—Charles R. Peck, Harry R. Danz.
Tyler—Benj. Thornton.

The installation of officers of Ft. Meigs Grove, Woodmen Circle, was held Friday evening, and proved to be a very enjoyable occasion. The installation proper was preceded by a musical programme, during which those present listened with pleasure to a mandolin solo by Miss Aileen Trudeau, a vocal solo by Miss Lottie Koons, a piano solo by Miss Amelia Pfister, and a trombone solo by Chester Chappell, together with several pleasing selections by the W. O. W. band and the orchestra.

The installation of officers was impressively conducted by Past Guardian, Edith Stebbins, of Ivy Leaf Grove, W. C., Toledo, with Miss Nita Stebbins as attendant. At the close of the work, Miss Stebbins, in behalf of the Perrysburg members, presented their Guardian, Mrs. Charles, with a beautiful gold W. C. pin. Then followed a pleasant little speech by Guardian Eileen Schmidt of Elmwood Grove, Toledo, in which she expressed the gratitude of the Ft. Meigs Grove to Miss Stebbins for her assistance, and presented her, in her behalf, with a pretty burnt wood mirror.

After the singing of "America" by all present, their attention was requested to witness the initiation of a candidate, who was thereupon conducted to the proper station by little Merlin Stickle, and was addressed by the Guardian in the following words: "William Meigs, you have presented yourself for admittance to this Grove. We decorate you with our colors and charge you to keep the secrets of the Grove. You will have charge of the outer door, and will be present on initiation nights." Then William Meigs, a living, breathing goat, instead of the usual figurative one, was led to his assigned position in the anti-room. This closed the exercises, when those

DEATH OF FRED ENGLISH.
At 6:30 a. m. Thursday, Jan. 18, '06, Fred J. English passed away after only a week's illness with typhoid pneumonia.
Deceased was born December 15, 1863, and was 42 years, 1 month and 3 days of age.
On January 16, 1884 he was married to Miss Annie Trembley, who with five children are left to mourn the loss of a loving father and kind husband. He also leaves two sisters and three brothers.
Mr. English moved his family to this place from Maumee about four years ago and was employed as Motorman on the Maumee Valley Electric line for the past ten years until October 1905, since when he has been engaged in business in Maumee.
The date of the funeral has not been set owing to the absence of their daughter who is in California, but will probably be held Sunday.
The bereaved family have the deepest sympathy of the community in their sad loss.

THROUGH TO FREMONT.
By the completion of the crossing at Woodville by Manager E. H. McKnight of the L. E., B. G. & N. Ry. Co., it will be possible after the new Y is put in by the Lake Shore people to run through cars from Bowling Green to Fremont. The Y will be put in with a view to establishing a service of that kind whenever it is deemed profitable and no doubt this will be done during fair weeks at least. This arrangement will be of benefit to Perrysburg people also.

J. J. AMON.
Cured His Mother of Rheumatism.
"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Wm. Comstock & Son, druggists.
